- After the separate \$100 deductible, the Prescription Drug copayments have increased to \$15 for generic drugs, \$50 for brand name drugs, and \$75 for brand name drugs with a generic equivalent.

Are dental and/or vision benefits included in the Postdoctoral Trainee Health Insurance Plan?

There is a pediatric preventive dental benefit and a pediatric preventive vision benefit available for participants up to the age of 19 and their enrolled eligible dependents up to the age of 19. Please see the Postdoctoral Trainee Health Insurance Plan certificate for details.

A voluntary dental plan is available to all Postdoctoral Trainees for an additional cost. Please visit the Gallagher Student Health & Special Risk website (www.gallagherstudent.com/dental) for coverage options available for purchase. Postdoctoral Trainees who purchase dental coverage can also enroll in vision coverage. Vision coverage is not available separate from the dental insurance.

Does this plan cover me when I am off campus, traveling or studying abroad?

Yes, the Postdoctoral Trainee Health Insurance Plan covers you during semester breaks, summer vacation and even if you're traveling or studying abroad. You'll be covered for the period for which you are enrolled and premiums are paid.

In addition to being covered for medical treatment and services, you will also be covered for Emergency Medical Evacuation, Repatriation of Remains, Security and Political Evacuation, Natural Disaster Evacuation and 24-hour worldwide travel assistance services through UnitedHealthcare Global. All services must be arranged for in advance and provided by UnitedHealthcare Global. Any services not arranged by UnitedHealthcare Global will not be considered for payment.

- When studying or traveling abroad, keep your Health Insurance ID card with you and take a copy of the certificate for reference.
- When outside of the United States, you will likely be asked to pay for your medical care first and will then need to submit for reimbursement. Covered Expenses will likely be reimbursed on an Out-of-Network basis.
- When you submit claims for reimbursement, you will need to have the itemized bill(s) translated into English and include a letter informing the claims administrator that you are seeking reimbursement for charges previously paid.

- Please ensure that your name, ID number, address (to receive your reimbursement check), and your school's name are on the bill.

Eligibility, Enrollment & Waiving

Who is eligible for the plan?

All Postdoctoral Trainees are automatically enrolled in this Plan unless a waiver is submitted.

Can I enroll my eligible dependents?

Yes, you can enroll your eligible dependent(s) at the same time as your own initial plan enrollment by following the steps described in the 'How do I...?' section of this document. Dependent coverage must be purchased for the same time period as the Postdoctoral Trainees and cannot exceed the Postdoctoral Trainees period of coverage. For example, a Postdoctoral Trainee enrolled for annual coverage that doesn't enroll their dependents for annual coverage cannot purchase dependent coverage for the spring semester unless a qualifying event, as defined below, occurs.

Postdoctoral Trainees can add eligible dependent(s) if one of the qualifying events occur: (a) marriage, (b) birth of a child, (c) divorce, (d) if the dependent is entering the country for the first time, or (e) the dependent loses coverage under another insurance. If one of these qualifying events occurs, the Dependent Enrollment Form and supporting documentation **must** be received by Gallagher Student Health & Special Risk within 31 days of the qualifying event. If approved, coverage will start on the date of the qualifying event. The premium is not prorated. Forms received more than 31 days after the qualifying event will not be processed. Once a dependent is enrolled, coverage cannot be terminated unless the Postdoctoral Trainee loses eligibility.

How do recent changes to the Affordable Care Act affect the Postdoctoral Trainee Health Insurance Plan?

One of the recently signed Executive Orders removed the federal penalty you would be assessed for not being enrolled in a health insurance plan beginning in 2019, but it is important to know that the mandate to have health insurance remains in place. However, your state of residence may have additional insurance requirements. Your school-sponsored Postdoctoral Trainee Health Insurance Plan is fully compliant with health care reform and the Affordable Care Act (ACA). Being enrolled in this Plan meets the mandate to have health insurance.

Being ACA compliant means the this Plan provides specific essential health benefits such as certain preventive care services such as annual physical and GYN exams, and covers pre-existing conditions without any waiting period. To learn more about covered preventive services, go to <https://www.healthcare.gov/coverage/preventive-care-benefits/>.

There have been an increasing number of insurance carriers deciding to not participate in state or federal Exchange or Marketplace. Those that continue to participate are offering plans with limited-provider networks or HMO networks. While it is important to not only have health insurance coverage available to meet the waiver requirement, it is equally important your health insurance plan has participating doctors and hospitals in the area where you are attending school. Additionally, Marketplace plans typically have annual deductibles much higher than the cost of your school's sponsored Postdoctoral Trainee Health Insurance Plan.

If you are under the age of 26, you MAY be eligible to enroll as a dependent on a family's employer/group health insurance plan. Contact that plan for more information.

What is considered 'comparable coverage'?

Having a plan of comparable coverage means your health insurance plan must be fully-compliant with the Affordable Care Act (ACA) and meet or exceed the benefits provided through the Postdoctoral Trainee Health Insurance Plan. This means your plan needs to have participating providers and cover a range of services in and around the area where you attend school. Services include, but are not limited to, preventive and non-urgent care, emergency care, surgical care, inpatient and outpatient hospitalization, lab work, diagnostic x-rays, physical therapy and chiropractic care, prescription drugs, mental health and substance abuse treatment. If your current plan is an HMO, it is very likely that coverage is limited, or not available, outside of the HMO's service area.

Before deciding whether or not to waive coverage, compare your current health insurance plan to the Postdoctoral Trainee Health Insurance Plan to look at your possible out-of-pocket costs – deductibles, copays, coinsurance, and out-of-pocket maximums.

Plans that are not considered comparable include: plans that only provide emergency services, international plans, travel insurance plans, Medi-share type plans, out-of-state Medicaid plans, and plans from insurance companies not located within the United States.

Can I waive the Postdoctoral Trainee Health Insurance Plan with any of the insurance plans offered through my State's Marketplace?

Postdoctoral Trainees are eligible for the insurance plans offered through their home state's Marketplace. If you are a resident of the state in which you are attending school and are enrolled in a plan purchased through the Marketplace, you may be able to waive the Postdoctoral Trainee Health Insurance Plan. Please review these plans carefully. Many of these plans will have a deductible greater than the deductibles on the Postdoctoral Trainee Health Insurance Plan which will increase your out-of-pocket costs. Also, many of these plans are HMOs with restrictive provider networks so, look at the provider network to be sure that In-Network Providers are located near your campus.

If you are an international Postdoctoral Trainee, it's important to realize purchasing a subsidized plan through the Marketplace may jeopardize your visa status.

Please note, choosing to enroll in a State Marketplace plan mid-year is not considered a qualifying event that would allow you to terminate enrollment in the Postdoctoral Trainee Health Insurance Plan.

Is there anything I need to know before waiving coverage?

Before waiving coverage you should review your current policy, considering the following:

- Is your plan fully compliant with the Affordable Care Act? (reference the "What is considered Comparable Coverage" question above)
- Will your current plan cover medical care beyond emergency services (i.e. doctor's office visits, diagnostic testing, x-rays, prescription drugs, mental health, etc.) on- and off-campus?
- Does your plan have doctors and hospitals near campus?
- If you plan to travel elsewhere during the course of the year, does your coverage extend to these areas as well?
- Check the cost -- is the annual cost of this Postdoctoral Trainee Health Insurance Plan less expensive than the cost of being added as a dependent to your parents' plan? Be sure to compare deductibles and total out-of-pocket costs, not just the annual premium.
- Are there administrative pre-requirements, pre-certification, or Primary Care Physician referrals required under your current plan that may delay receipt of care?

Please Note:

- Once eligibility is met, you are enrolled for the remainder of the policy and cannot waive later in the year.
- If you choose to waive coverage, there will not be another opportunity to enroll in the Plan until the following plan year unless you experience a qualifying event.

If I lose coverage with the Plan I waived with, can I enroll in the Postdoctoral Trainee Health Insurance Plan?

Yes, Postdoctoral Trainees who waive the Postdoctoral Trainee Health Insurance Plan, and then lose coverage under that plan, may submit a Petition to Add form. The form can be found on the Gallagher Student Health & Special Risk website for your school under the 'Petition to Add' link on the left side of the page. Make sure you read the form carefully as it contains very specific information on the Petition to Add process.

Once I'm enrolled in the Postdoctoral Trainee Health Insurance Plan, can I terminate coverage? Can I get a refund?

No, once you're enrolled in the Postdoctoral Trainee Health Insurance Plan, you will remain enrolled in it for that period of coverage. There is no option to terminate the Postdoctoral Trainee Health Insurance Plan due to being eligible or enrolling in another plan due to gaining coverage through marriage, or as a dependent on a family's plan or purchasing private insurance coverage. A pro-rated refund of premium is only permitted when a Postdoctoral Trainee enters the armed forces.
